

Candidates and Eligibility

The expected candidates are persons with requisite qualifications, which include:

- Senior professionals and industry leaders in the private and public sectors in Law, Accounting, Financial Management, Natural and Physical Sciences, Health and Education, etc.;
- Leaders of the executive arm of government at national and international levels;
- Leadership and management of legislatures
- Legislators, political appointees, technocrats, senior bureaucrats and political office holders;
- Heads of Ministries Department and Agencies;
- Private sector executives and captains of industries;
- Political party executives; and Heads/leaders of Civil Society Organisations (CSOs) and other nongovernmental organisations (NGOs).

Professional Certification and Recognition

In addition to individual courses, candidates have options to qualify for any of six professional certifications, be invited for investiture into a network of professionals and use the certification initials after their names. Each professional certification is made up of four carefully curated courses to hone expertise within a field and should be completed within 3 years. The professional certification enhances credibility, expands professional networks, and opens pathways to leadership positions across sectors. They are:

- Certified Leadership, Strategy and Management Professional – **CLSMP**
- Certified Legislative Governance and Political Leadership Professional – **CLGPLP**
- Certified Leadership and Social Transformation Professional – **CLSTP**
- Certified Energy Governance and Sustainable Development Professional – **CEGSDP**
- Certified Technology, Innovation and Risk Management Professional – **CTIRMP**
- Certified Public Policy and Development Leadership Professional – **CPPDLP**

About NILDS & CAEEP

The NILDS Advanced Executive Education Programme is a high-impact, multidisciplinary learning experience designed for senior professionals and leaders, ministers, commissioners, Directors-General, leadership of legislatures, legislative committee chairpersons, local government executives, and chief executives in the public, private, and development sectors. The courses are run by the Centre for Advanced Executive Education Programme (CAEEP) to address the complex leadership, policy, and governance challenges that define today's dynamic operating environment.

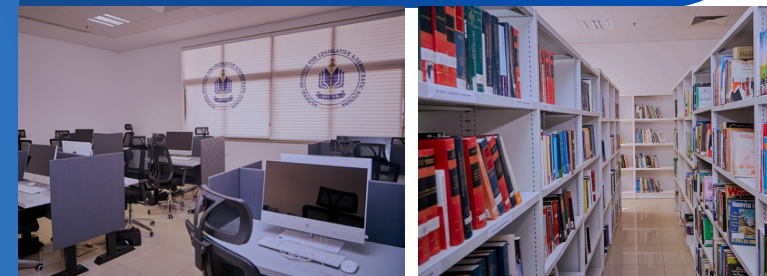

Grounded in real-world case studies, strategic thinking, and global best practices, it enhances participants' ability to lead with vision, make evidence-based decisions, and implement transformative change.

Facilitated by renowned faculty and experienced practitioners, the courses promote peer learning and networking among high-level professionals across sectors. It is particularly suited for those in positions of strategic influence who must balance political, economic, and social priorities while ensuring accountability, equity, and sustainability.

The details and course descriptions for the courses are as provided below. In addition to the listed courses, the CAEEP also provides demand driven bespoke courses for organisations. These are developed to suit the specific needs of individuals, organisations or groups.
